

## **Emergency Notification System (ENS)**

Our emergency notification system is capable of sending notifications instantly and simultaneously to all registered mobile phones and email addresses provided. These messages are sent as text messages to cell phones and any applicable charges from your carrier will apply. The College will, without delay, and taking into account the safety of the community determine the content of the communication and initiate the emergency alert system unless the notification will, in the professional judgment of responsible authorities, comprise efforts to assist victims or to contain, respond to or otherwise mitigate the emergency. The administrators responsible for alerting the community are members of the Safety and Emergency Response Committee. This group will confer to determine if a notification should be sent. Please note that the emergency notification will be tested at least once each semester.

**Any member of the community who has concerns regarding campus safety should report those concerns to the Vice President for Student Affairs and Dean of Students Office in Pyle Center, Offices # 8 & 9, at extension 270/339.**

## Annual Fire Safety Data – 2019

This report is published by Wilmington College in compliance with the Higher Education Opportunity Act and applies to student housing at the College.

### Fire Safety Equipment and Statistics for On Campus Housing

Fire safety equipment is to be used only for the purpose for which it was designed. Misuse of or damage to fire safety equipment (i.e., fire alarms, fire extinguishers, smoke detectors, emergency exit doors and alarms, etc.) or failure to leave a building during a fire alarm or a fire drill will be considered a serious matter which will result in disciplinary action and possible legal action. Damaging, disassembling, or removing the battery from a smoke detector will result in an automatic \$25.00 fine and possible disciplinary action. The resident is responsible for testing the smoke detector in their living space and reporting malfunction to the Housing staff in writing. Setting off a false fire alarm or using a fire extinguisher for other reasons than to put out a fire endangers the lives of all occupants of a building. Persons committing such acts will be sanctioned to the full extent of the Student Code of Conduct and may be subject to legal action, including prosecution by off-campus authorities. All storage in a non-sprinkler facility should remain 24" from the ceiling. No items are permitted to hang from the ceiling. Decorative items may not be strung throughout the hallway without permission from the Director of Housing and Residence Life. Any permitted items must be removed within the time limit specified by the Director of Housing and Residence Life. Every building is equipped with a fire alarm system and smoke detectors are in every room. If the fire alarm should ring, everyone must vacate the area immediately according to the hall fire evacuation plan. No one may re-enter the building without the authorization of the Housing staff, Campus Safety or the Fire Department. Fire drills will be conducted once a year in every residence hall, in compliance with the Wilmington Fire Department. In addition, fire safety inspections will be conducted at least once a year by the Housing staff. The Housing staff may enter any room without prior notification to determine if a violation of fire safety policies exists. To afford residents easy egress from buildings in emergency situations, bicycles may not be kept in hallways, stairwells or public areas inside the residence halls.

The charts below indicate the fire safety equipment in each hall as well as fire statistics for the past three calendar years. (Please see table)

As indicated in the Fire Statistics chart above, there were no fires in the residence halls in 2019.

## Fire Safety Inspections and Maintenance

Fire Safety Inspections are conducted quarterly by Housing and Residence Life Staff to coincide with arrival and departure of resident students. Fire systems and equipment are also inspected and serviced by Physical Plant and a fire protection system contractor, if needed. Any malfunction found is immediately scheduled for service or equipment replacement. A Fire Log and records of fire inspections and maintenance are kept in the Vice President for Student Affairs and Dean of Students Office in compliance with State and Federal regulations and are subject to inspection by Fire Safety Personnel.

## Reporting Fires

In the event of a fire, residents should dial 911 and immediately report a fire in the residence halls. If the fire is extinguished, the building should still be evacuated and the fire reported to Campus Safety and Housing staff in order for safety inspections to be conducted.
