

# 2024-25 ANNUAL REPORT

FISCAL YEAR ENDING JUNE 30, 2025

Wilmington  
College

# LETTER FROM THE VICE PRESIDENT OF ADVANCEMENT

Dear Friends,

Each year, the annual report gives us the opportunity to pause and reflect on all that our community has accomplished together. This past year has been one of growth, resilience, and remarkable achievement for Wilmington College.

Thanks to the dedication of our students, faculty, staff, alumni, and friends, we continue to uphold the mission that has guided us since our founding: to provide an education rooted in curiosity, critical thinking, and a commitment to the common good. Our students are thriving—in classrooms, on the stage, in laboratories, across athletic fields, and in service to their communities. Their successes remind us daily of the transformative power of a Wilmington College education.

This year, we were especially humbled by the generosity of our supporters. Your gifts have made possible new opportunities for scholarships, innovative teaching, and strengthened student life. Together, we are ensuring that a Wilmington College education remains accessible, relevant, and inspiring for generations to come.

As you read this report, my hope is that you will see your impact reflected in every page. Your belief in our mission sustains us, and we are deeply grateful for your partnership in shaping our future.

With gratitude and anticipation for what lies ahead,

**Tammy Shadley '90**  
**Vice President, Advancement**

**APRIL** **Washington D.C.**

**JUNE** **Tennessee**

## 2024 PHILANTHROPISTS OF THE YEAR E. EUGENE AND CHRISTINE SNYDER

Christine Hadley Snyder's ancestors were there at the founding of Wilmington College in 1870. Her mother, three sisters, two grandmothers, a great-grandmother and numerous aunts, uncles, nieces and nephews are among the College's graduates. Also, Eugene "Gene" Snyder's mother earned her teaching certificate from WC. Both Gene and Christine hold fond memories of growing up in a community for which Wilmington College was and remains a foundational pillar.

Gene is a now-retired Doctor of Veterinary Medicine and Christine graduated from Ohio State University and earned additional degrees from Wright State University. She shared an anecdote about their joining the Peace Corps years ago. The recommendation of a university professor was needed as part of the application process. Gene's vet school faculty readily obliged, but Christine was dismayed when, in spite of her exemplary academic career, "At Ohio State, there was not one professor who knew who I was — this is not the way it should be," she said. "That's one of the reasons why I am such a proponent for the small, liberal arts college, where students and professors do know each other and professors have a vested interest in their students' education."

The Snyders founded Bigger Road Veterinary Clinic in Kettering, which flourished with his expertise as a veterinarian and her acumen in business administration and financial management. Christine served on the College's Board of Trustees from 1994 through 2006, including several years as WC's first woman to chair the governing entity. She later served on the Joint Trustee Nominating

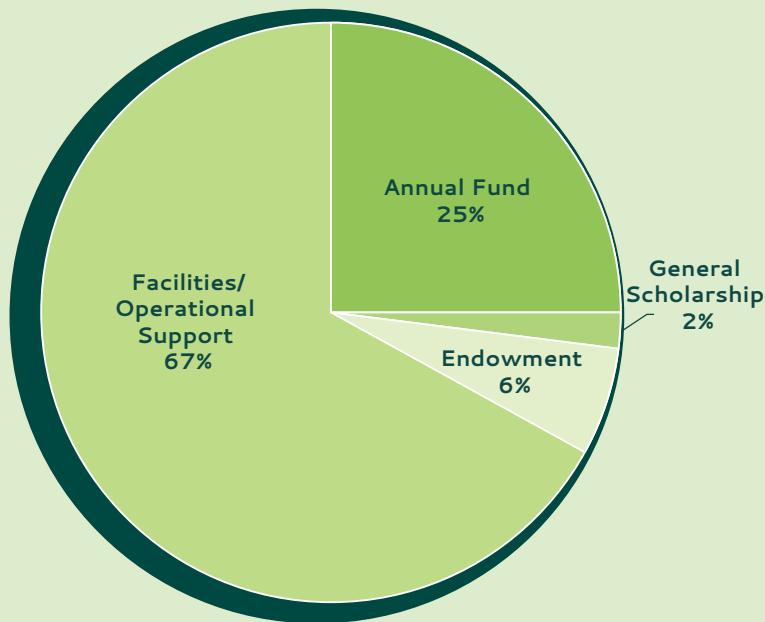

Committee, the Wilmington Yearly Meeting's College Committee, and the Sam Marble Society Committee, which encourages and recognizes stakeholders' planned giving and endowed funds for the College. The couple's support has included, among other things, an endowed scholarship established in memory of Christine's mother, the leadership of the "Who Sends Thee" statue and Quaker Scenic Byway projects, and a keen interest in WC's Meriam R. Hare Quaker Heritage Center. All these inform the Snyders' appreciation for the College's historic Quaker affiliation. The Snyders have a history of opening their home to WC students and, most recently, the College's newly formed Bass Fishing Club fished in their pond.

"The core beliefs of Wilmington College parallel the testimonies of Quakers," she said, noting she hopes students graduate with an appreciation for these values. "I hope they leave Wilmington College with solid academic training to be an educated person and I hope they'll live lives of service and success." Gene added, "It's good to see these students graduate and have success in their lives and believing that Christine and I were at least a small part of that. Wilmington College is a gem. To me, it's like, in a pocket full of change, the College is a \$20 gold piece."

## HOW ARE CONTRIBUTIONS USED?

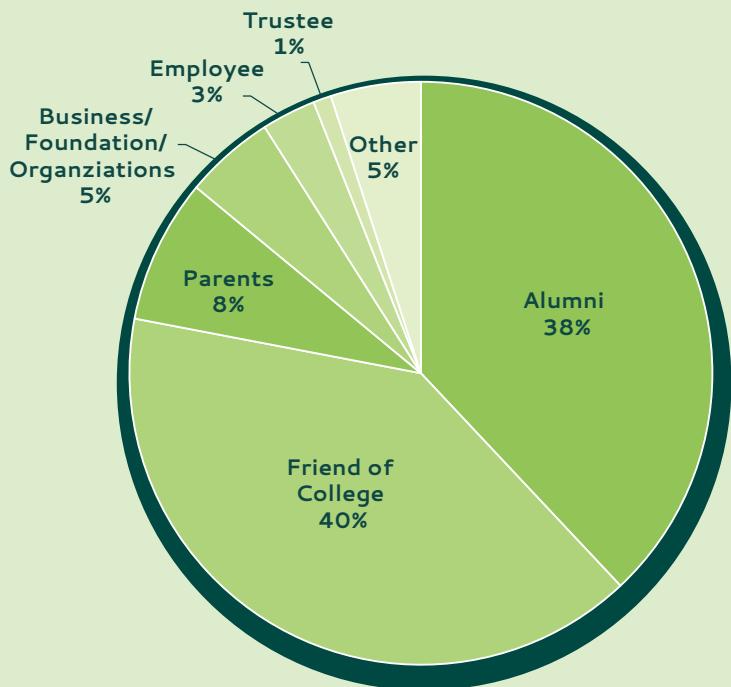

### Gifts by Purpose

*A strong endowment ensures WC's future. Our Board of Trustees has approved an annual 4.5% draw on the rolling market value of the total endowment. These spending dollars are crucial for balancing the College's budget.*

## WHO ARE WC'S SUPPORTERS?

## SAM MARBLE SOCIETY

Sam Marble, President of Wilmington College (1947–1959), was a visionary leader. It was his foresight that allowed for the construction of Marble Hall largely through student labor. The legacy that Sam Marble created has served as a solid foundation for College growth and as a model of involvement and service for generations of students, faculty, and administrators. We honor his foresight and vision with the naming of our most important philanthropic society, The Sam Marble Society. This society recognizes those individuals who have made the choice to remember Wilmington College with a gift from their estate, retirement plan or by creating an endowed fund at the College. Like Sam Marble's vision all those years ago, these individuals are creating the foundation for Wilmington College's future.
